About Us

Our Story: Don't just rent it, Own it

I Rent To Own, a renowned name in the car rental industry, has been serving in Australia and its major cities, including Canberra, Melbourne, Adelaide, Sydney, Perth, Brisbane, Hobart and Darwin.

At I Rent To Own, we have a flexible rent-to-own car plan with Toyota models, and we have expansion plans in this regard. Whether you require car rental for business or a rideshare, we offer a range of rental packages weekly, fortnightly, and monthly.

We understand that not every individual has perfect credit. That's why we don't do credit checks. We focus on where you're at now, not your past. Our goal is to give you a practical path to owning a car without unnecessary hurdles.

What We Offer?

Our rent-to-own services include a 7-year unlimited km warranty, 5-year roadside assistance, and 5-year capped-price servicing. We aim to make the process simple and transparent. Our agreements are available in 1, 2, or 3 (not more than 3) year terms. At the end of your term, you can take full ownership of the car.

We provide:

- A growing fleet of vehicles suited for personal and rideshare use
- Weekly, fortnightly, or monthly payment options
- No credit checks
- Access to Toyota models, including brand-new, zero-kilometer options

We also make sure you have everything needed to get on the road. We offer airport pickup and local vehicle delivery where available. Most vehicles can be collected from major airports or offices located near your home or hotel.

How It Works?

The process is straightforward. Drive your car, and start working towards its ownership. Your payments not only cover the use of the car but also contribute towards its purchase. Visit our website today and select from our range of automobiles that are according to your needs and preferences.

You just need:

- An identification card from the local government
- A valid Australian driver's license
- A current bank statement and payslip
- A valid Australian visa or passport

Once verified, your payments are directly debited. Insurance is handled through our insurer, and you can pay with a weekly, fortnightly, or monthly premium, depending on your state. We also help you manage the little things from fuel policy, after-hours drop-off, and accident support to optional extras like booster seats or Bluetooth units.

Our Mission

We aim to provide fair, flexible car access to Australians facing credit challenges. We are dedicated to helping people get back on the road and stay there with the right support and clear options. Also, we believe in second chances, and we run our business based on responsibility, transparency, and respect for all customers. So, at I Rent To Own, we are committed to providing our customers with reliable and quality vehicles that they can own at low payments.
